

**EXH. KKD-\_\_X  
DOCKET UE-210795  
2022 PSE CEIP  
WITNESS: KARA K. DURBIN**

**BEFORE THE  
WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of  
PUGET SOUND ENERGY, INC.  
2021 Clean Energy Implementation Plan

**Docket UE-210795**

**EXHIBIT TO THE CROSS-EXAMINATION OF  
KARA K. DURBIN  
ON BEHALF OF NW ENERGY COALITION AND FRONT AND CENTERED**

**JANUARY 24, 2023**

**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**

**Docket UE-210795  
Puget Sound Energy  
PSE 2021 Clean Energy Implementation Plan**

**NWEC AND FRONT AND CENTERED DATA REQUEST NO. 006:**

**DATA REQUESTS DIRECTED TO: Kara Durbin**

**Re: Equity Data**

For each non-energy benefit identified above, please state whether baseline data exists. If the non-energy benefit has not been measured yet, provide a detailed description of how the non-energy benefit was considered in the CEIP.

**Response:**

For the non-energy benefit identified as “improved participation in clean energy programs from highly impacted communities and vulnerable populations,” Puget Sound Energy (“PSE”) provided baseline data in [Table 3-8: Improved Participation, Baseline Data for 2020](#), using PSE internal data in which PSE measures the number of programs related to all customers, and PSE customers within named communities.

For the non-energy benefit identified as “increase in quality and quantity of clean energy jobs,” PSE does not have baseline data yet but will provide baseline data in future Clean Energy Implementation Plans (“CEIP”). As a result, this non-energy benefit was not considered in the development of this CEIP, but it will be considered in future CEIPs.

For the non-energy benefit of “improved home comfort,” baseline data can be found in [Table 3-12: Improved Home Comfort, Baseline Data for 2020 of the CEIP](#), specifically internal PSE data that is calculated as a non-energy impact within the Biennial Conservation Plan process.
