PSE REQUEST NO. 011 to WESTERN VILLAGE ESTATES

Request:

Please explain what is meant by the term "built", as used in the first sentence of the second paragraph of "Declaration of Doug Anderson". Please provide all documents and information supporting the sentence "The Community was built in 1973".

Response:

Built: Past tense of build, as in constructed or completed in its present form. See Websters Dictionary. Perhaps completed would have been a better word. According to information obtained from the developer of Western Village, the first phase of construction was completed in 1967; the second phase of construction was completed in 1970, the third phase was completed in 1972, and the community was completed in its present form in 1973.
