RE: Docket # UT-073014

This letter is concerning my property on lot A (Tax Parcel _____) on Triton Height Road.

I am writing this letter in reference to obtaining phone service in an area where Quest, the closest provider, will not provide phone service.

We need this comment to be on record for your rural making of the subject of telecommunications extensions regarding the above docket number. At this time, there are numerous properties which are unable to obtain phone services due to Quest telecommunications services denying us service at this time.

Emergency lines are a must. Wireless telecommunications are not reliable at all times as they are spotty and do not work in all spots in the area and this is not good for emergency situations.

Sincerely,

Stan Johnston
