Subject: Withdrawal of our Solid Waste Certificate Application, Docket # TG-152373 to Haul Medical Waste for Multicare Health System

Dear Judge Pearson:

Our customer, Multicare Health System (MHS), is still evaluating EcoMed's onsite medical waste treatment solutions along with the implication of the UTC regulatory process to obtain a hauling permit to dispose of its generated medical waste. At this time, EcoMed would like to withdraw its application due to the inability to place it on hold in anticipation of MHS to complete its evaluation process.

Should you have any questions or need of any additional information, feel free to contact me at (206) 427-6641 or via email at asqualli@ecomedservices.com.
