Address 1: ZIP/Postal Code 98631

Details

Comments We are stating our opposition to the proposed installation of Smart Meters in Washington state. Wireless radiation has been proven to be a serious hazard to human health, especially to children. There are many independent studies on wireless radiation and how it destroys our health. We do not believe it is feasible economically or healthwise and believe it would attract many class action lawsuits as a result. We have eliminated wireless in our home for our health and safety and believe It is more important to protect the health of Washington State citizens. Thank you.
