Puget Sound Energy  
PSE 2021 Clean Energy Implementation Plan**

**NWEC AND FRONT AND CENTERED DATA REQUEST NO. 027:**

**Re: Equity Data**

Please provide a copy of all reports, evaluations, or other written documents within the custody or control of PSE discussing the relationship between low-income status and:

- a. Nonpayment disconnections;
- b. Credit and collection activities;
- c. Level of arrears;
- d. Payment patterns, including but not limited to the lag between the day of customer billings and the day of customer payments;
- e. The frequency with which customers change residences.

**Response:**

Puget Sound Energy (“PSE”) objects to NWEC and Front and Centered Data Request No. 027 to the extent that is overly broad and unduly burdensome. PSE further objects to NWEC and Front and Centered Data Request No. 027 to the extent it seeks information that is obtainable from some other source that is more convenient, less burdensome, or less expensive. Without waiving such objections, and subject thereto, PSE responds as follows:

PSE does not possess reports, evaluations, or other written documents discussing the relationship between low-income status and

- a. Nonpayment disconnections;
- b. Credit and collection activities;
- c. Level of arrears;
- d. Payment patterns, including but not limited to the lag between the day of customer billings and the day of customer payments, and
- e. The frequency with which customers change residences

beyond what is publicly available or would be obtainable from some other source that is more convenient, less burdensome, or less expensive.
