Re: **Docket UE-161204—Request for Approval of Stranded Cost Recovery Fee Calculations**

As directed by Order 09 in Docket UE-161204, PacifiCorp dba Pacific Power & Light Company requests that the Washington Utilities and Transportation Commission review and approve the enclosed stranded cost recovery fee (SCRF) calculations. The departing customers have both agreed to the company's calculations and have already paid the SCRF in full. Due to an internal oversight, the Company is submitting one of the SCRF calculations later than it anticipated. The Company has implemented proactive measures to address and prevent such oversight in the future.

PacifiCorp requests confidential treatment in accordance with WAC 480-07-160. The documents labeled as confidential include private customer information. This information is provided to PacifiCorp under certain conditions, and public distribution of this information is prohibited. In accordance with WAC 480-07-160, PacifiCorp is also submitting a redacted version of the SCRF calculation.

PacifiCorp respectfully requests that all data requests regarding this matter be addressed to:
