

DATE PREPARED: April 3, 2017
DOCKET: TC-143691, TC-160516
REQUESTER: Shuttle Express, Inc.

WITNESS: Jack Roemer
RESPONDER: Jack Roemer
TELEPHONE: (206) 233-2895

Data Request No. 63:

Regarding Mr. Roemer's testimony at page 8, please provide numbers of SpeediShuttle passengers that originated or terminated in zip codes 98405 or 98022 by month in 2015 and 2016.

RESPONSE to Data Request No. 63:

Speedishuttle objects that this request is overbroad, unduly burdensome and seeks irrelevant information which cannot lead to discovery of admissible information. Further, this request seeks to circumvent the Administrative Law Judge's previous rulings, which sustained Speedishuttle's objections to producing passenger data.

Subject to and without waiving the foregoing objections, Speedishuttle served 5 passengers in 98022 in 2016. There is no responsive information for the 98045 zip code. Speedishuttle notes that the original use of the zip code 98405 was a typo and that the testimony of Jack Roemer is being corrected to identify the correct zip code as 98045.
