Rosario Utilities has requested that WUTC allow a \water rate increase. The notification to rate payers was mailed within the last 2 weeks by Rosario Utilities. I, my neighbors, and fellow rate-payers absolutely need more time to consider this request. As a concerned rate payer I am trying to understand the mailing and the issues. The timeline requested by Rosario Utilities for this hearing does not provide sufficient time for rate payers to review and discuss this proposal. I urge the WUTC to delay decision on this to allow involved parties to formulate questions, comments etc. As an employee of 4 different utilities during my career, I know decisions are best made when all sides have time to study the materials.
Thank you for considering my request.
