The notice also established a recessed open meeting on March 4, 2016, at which PSE representatives will present the plan to the Commission and the public.

An "integrated resource plan" (IRP or Plan) describes the mix of generation and supply resources and efficiency improvements that will meet both the current and future energy demands at the lowest cost to the utility and its ratepayers.

At the request of stakeholders, the Commission has extended the deadline for written comments to **February 1, 2016, at 5:00 p.m.** The time and date of the recessed open meeting remain unchanged. PSE representatives will present the plan to the Commission and will respond to questions from the Commissioners and the public at a recessed open meeting on **March 4, 2016, at 9:00 a.m., in the Commission's Hearing Room, Second Floor, Richard Hemstad Building, 1300 S. Evergreen Park Drive S.W., Olympia, Washington.** A copy of the plan is on file in the library at the Commission's offices in Olympia, it is also available at <http://pse.com/aboutpse/EnergySupply/Pages/Resource-Planning.aspx>.

Written comments should be submitted **no later than 5:00 p.m., February 1, 2016**, and, if possible, in electronic format. Electronic format should be on a CD, DVD or flash drive, in .pdf Adobe Acrobat format. Please also send us the text in your choice of .doc (Word 97 or later) format labeled with the docket numbers assigned to the integrated resource plan (UG-141169 and UE-141170) and the commenter's name and type of software used. Comments may also be submitted via the Commission's Web portal at www.utc.wa.gov/e-filing or by electronic mail to the Commission's Records Center at records@utc.wa.gov.
