SUPPLEMENTAL SUPPORT STATEMENT

(To be completed by the individual or business/organization supporting the request for operating authority)

THE TRANSPORTATION NEED Briefly describe the transportation service that you need and that the application could provide to you or your business/organization if this request for operating authority is granted.

Our Hotel services all types of guests that are in need of transportation to and from SeaTac Airport. To have additional times that the transportation runs back and forth would be extremely beneficial to our guests. Some guests have complained that the fares charged by Capital Aeroporter for transportation to SeaTac are too high. It would be beneficial if they could obtain transportation at a lower rate.

Are your transportation needs being met now? Yes ___ No x If not, explain problems you have experienced.

The cost of using Capital Aeroporter can be prohibitive for some guests and the times of transportation do not fit the needs of our guests. If there were other lower price options with additional times and more runs, it would be more convenient to our guests.

If the request is denied, would it have any affect on you or your business/organization:

Yes x No ___ If yes, please explain.

Yes, we do see that some of our guests will check out early and move to an airport hotel the day before they fly out because there isn't a more convenient and lower priced airporter service from our hotel to SeaTac. Having this additional service to our guests will help us meet their needs.
