

1 **BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**

2

3 BNSF RAILWAY COMPANY

Docket No. TR-090121

4

Petitioner,

5

v.

6

7

INTERVENER LYNN F. LOGEN'S
WITNESS AND EXHIBIT LISTS

8 SNOHOMISH COUNTY

9

Respondent.

10

11

12 Pursuant to the Commission's February 19, 2009, Prehearing Conference Order, to provide an
13 initial list of witnesses and exhibit list by Friday, March 6, 2009, I provide the following:

14

15 At this point in time, since I have not received any responses to my data requests (though

16 Snohomish County advised that they may be available for me to pick up this afternoon)

17 my only witness will be myself. I hope to provide as exhibits documents showing that

18 the crossing of Logen Road can be safely maintained by installing barriers that cross

19 both lanes of the road based on data received from the BNSF Railway Company and

20 Snohomish County. I also hope to be able to show that the alternative crossings will

21 provide more danger to the public than maintaining the crossing of Logen Road, again this

22 will be based on data received from the BNSF Railway Company and Snohomish County.

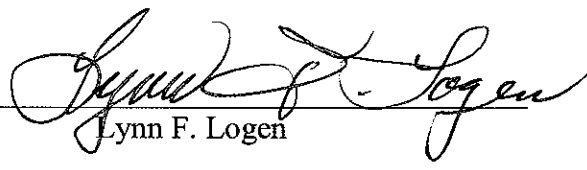

23 If the siding will only be used for a temporary time period I hope to show, and through

24 responses to data requests that the crossing, if closed in this proceeding, should be re-opened

1 once the use of the siding is decreased. Exhibits will my testimony and responses to
2 data requests.
