Re: In re Application TC-143691, SpeediShuttle Washington, LLC d/b/a SpeediShuttle
Seattle

Dear Mr. King:

This is to attest to our company's support for the auto transportation application of SpeediShuttle Washington, LLC "for door to door passenger service between Seattle International Airport and points within King County." This is to underscore our company's position that the service proposed by SpeediShuttle Washington, LLC is not the same or in fact comparable in our view to that offered by other transportation service providers in the area.

Our company is interested in working with SpeediShuttle in the greater Seattle area and look forward to their high safety standards (driver hands free command consoles, Speed Radar Reports, interior & exterior cameras, 3 point seat belts), world class Mercedes quality services (airport greeters for prearrange travelers, low capacity seats that improve the speed and customer experience of the pickups and drop offs) and leading edge technology (GPS tracking, complimentary Wi-Fi, confirmation, automated email and pre departure confirmation calls) they have become known for in the Hawaiian islands.

Sincerely,

Jon Barber, operations
PO Box 12181, Denver, CO 80212
