

Echo Glen Water System Customers

December 23, 2024

This notice is regarding docket UW-230997. A revised tariff was initially filed on December 8, 2023. An open meeting was held regarding the filing on January 11, 2024. After an investigation, the Washington Utilities and Transportation Commission (UTC) and Washington Water Supply, Inc. (WWSI) entered into a settlement agreement, which allows WWSI to implement a six-month surcharge to your regular monthly bills. The surcharge will be \$60 for the first five months and \$26.43 for the sixth month. The surcharge will become effective February 1, 2025.

This Surcharge is the result of trucking in potable water necessary to ensure the quality and quantity of water provided meet State standards. The funds generated by this surcharge will pay for 100% of the water trucking effort.

The Surcharge is to expire July 1, 2025 or upon recovery of \$13,710 or a customer can make a one time payment of \$326.43, whichever occurs first. Cost includes principal and state excise taxes.

If you have questions about the surcharge and how it will affect you, please call Washington Water Supply, Inc. at 360-308-8330.

The Commission has the authority to approve settlement agreements. You can comment on the case by using the “Submit a Comment” feature at the Commission’s Web site at www.utc.wa.gov or by using the contact information below:
