Recommendation

Take no action, thereby allowing the tariff revisions filed by Fiorito Enterprises, Inc. & Rabanco Companies, dba Kent-Meridian Disposal Company, on March 24, 2015, as revised on June 16, 2015, to become effective on July 1, 2015, by operation of law.

Discussion

On March 24, 2015, Fiorito Enterprises, Inc. & Rabanco Companies, dba Kent-Meridian Disposal Company (Kent-Meridian or company), filed tariff revisions with the Utilities and Transportation Commission (commission) that would generate approximately \$1,501,000 (16.3 percent) additional annual revenue. Kent-Meridian serves approximately 51,000 residential, commercial, and drop box customers in King County. The filing was prompted by increases in labor, fuel, maintenance, healthcare, pension and other general operating expenses. The company extended the effective date on May 27, 2015, to July 1, 2015. The company’s last general rate increase became effective on October 1, 2013.

Staff has completed its review of the company’s supporting financial documents, books and records. Staff’s review found that the company’s proposed rates would result in excess revenue. The decrease in revenue requirement reflects the net result of the reclassification of ten percent of disposal fees from regulated to non regulated and the reallocation of operational assets from the Sea-Tac business unit to the Kent-Meridian business unit. Staff and the company agreed to a revised revenue requirement of approximately \$605,000 (6.6 percent) additional annual revenue. On June 16, 2015, Kent-Meridian filed revised tariff pages with the revised proposed rates at staff recommended levels.

Customer Comments

On April 30, the company notified its customers by mail of the proposed rate increase. Customers were notified that they may access relevant documents about this rate increase on the commission's website, and that they may contact John Cupp at 1-888-333-9882 or jcupp@utc.wa.gov with questions or concerns. Staff received 40 consumer comments, all opposed to the rate increase.

General Comments

Nearly all customers commented the amount of the increase is excessive. They state they do not believe costs could have increased that much since the last increase, and the company's rate increases exceed the current rate of inflation.

Many customers feel the company increases its rates too frequently, which they believe could be avoided by operating more efficiently. Five customers stated that competition would require the company to decrease costs rather than raise rates.

Staff Response

The customers were advised that state law requires rates to be fair, just, reasonable and sufficient to allow the company to recover reasonable operating expenses and the opportunity to earn a reasonable return on its investment. Rates are based on company expenses and not the rate of inflation. Regulatory staff reviews filings to ensure that all rates and fees are appropriate.

Conclusion

Take no action, allowing the tariff revisions filed by Fiorito Enterprises, Inc. & Rabanco Companies, dba Kent-Meridian Disposal Company, on March 24, 2015, as revised on June 16, 2015, to become effective on July 1, 2015, by operation of law.
