

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

In the Matter of the Petition of
MULTIBAND COMMUNICATIONS, LLC

For Approval of Line Sharing Agreement with
Qwest Corporation Pursuant to Section 252 of
the Telecommunications Act of 1996

Docket No. UT-053005

QWEST CORPORATION'S MOTION
TO MODIFY THE REQUIREMENTS
OF ORDER NO. 2

- 1 Qwest Corporation ("Qwest") hereby moves the Commission to modify the requirements of Order No. 2 in this matter. Order No. 2 requires Qwest to "continue to file for review its agreements with CLECs, such as the agreement at issue here, that refer to past, present, or future obligations imposed on ILECs pursuant to the Telecommunications Act of 1996." *Order No. 2 at ¶ 50.*
- 2 Recently, Qwest filed with the Commission two agreements pursuant to that requirement, an agreement with Integra under Docket No. UT-063016 (filed March 1, 2006) and an agreement with New Edge under Docket No. UT-063014 (filed February 23, 2006). In its cover letters for filing, Qwest indicated that, absent notification from the Commission that it desired to see any subsequent identical agreements, Qwest would not be providing those.
- 3 However, because the filing requirement is imposed by Commission order, Qwest is also filing

this motion to formally request that the Commission modify the requirements of the order so that Qwest is not required to file agreements that are identical (except for the name and contact information for the other party) to ones already filed for review. Qwest believes that this modification is in the public interest as it will reduce the administrative burden on both Qwest and the Commission, and it will not deprive the Commission of any material information necessary for it to discharge its duties.

DATED this 22nd day of May, 2006.
