I. In accordance with the Notice Suspending Procedural Schedule issued on August 16, 2012, Waste Management of Washington, Inc. and the Staff of the Washington Utilities and Transportation Commission hereby submit a Settlement Agreement on behalf of all parties. Pursuant to WAC 480-07-740 and WAC 480-07-750, the parties jointly move for an order approving the Settlement Agreement as a full settlement of all issues in both pending consolidated dockets. The parties further move that the Commission lift the suspensions ordered by the Commission in each of the consolidated dockets.

1 2. This motion is accompanied by a Settlement Agreement and a Narrative Supporting  
2 Settlement Agreement, as required by WAC 480-07-740(2)(a). All parties have signed both  
3 documents. The parties suggest the documents provide the Commission with sufficient  
4 information to reach a decision, and that a hearing to consider the proposed settlement is not  
5 necessary under WAC 480-07-740(1)(d). If the Commission deems a hearing to be necessary,  
6 the parties will provide witnesses to testify in support of the proposal and answer questions  
7 concerning the settlement's details, and its costs and benefits, and counsel for the parties  
8 would make themselves available to respond to questions from the bench regarding those  
9 subjects under WAC 480-07-740(b).

10 DATED this 5<sup>th</sup> day of September, 2012.
