Re: *W.U.T.C. v. AT&T Communications of the Pacific Northwest, Inc.*
Docket No. UT-060962

Dear Ms. Washburn:

The procedural schedule in this docket (Order 03) calls for Commission Staff to file testimony on August 3, 2007. Staff and AT&T are presently engaging in productive settlement negotiations to resolve remaining issues. Accordingly, the parties believe it would be an unnecessary additional burden to simultaneously prepare testimony while engaging in these negotiations, which, if successful, will eliminate the need for hearing. To allow additional time for settlement discussions, and also to accommodate that Staff counsel will be in training in Michigan for two weeks in August, the parties have discussed the matter and request, pursuant to WAC 480-07-385, that the procedural schedule be modified as follows. The parties will keep the commission informed as to the progress of settlement negotiations.

Sincerely,

MICHAEL A. FASSIO
Assistant Attorney General
