Subject: FW: Request permission to write off penalty assessments issued to Lake Cassidy Estates Water System

Please close dockets UW-060985 and UW-071246 and post this e-mail to them. I have received permission from the AGs office to write the penalties off as the company has been removed from regulation and collection is unlikely.

Thank you,
Sheri

Yes, sorry I wasn't clearer about that. The company has two outstanding penalties totaling \$300.

Both pertain to Lake Cassidy Estates, correct? If so, permission granted.

Subject: Request permission to write off penalty assessments issued to Lake Cassidy Estates Water System

Good morning Sally.

I'm requesting permission to write off two penalties assessed in dockets UW-060985 and UW-071246, for failure to file an annual report. The amounts are for \$100 and \$200, respectively. On January 31, 2008, Lake Cassidy Estates Water System petitioned for removal from regulation as it falls below the threshold for regulation. The company no longer charges any rates and serves only five connections, one of which is the company owner. The matter went before the commission at the open meeting on February 14, 2008, in docket UW-080195. The company was removed from regulation. It would appear unlikely that the company will ever pay the outstanding penalties, therefore, I'm requesting permission to write them off so the dockets may be closed.

Thank you for your consideration,
Sheri
