RE: Commission Staff's Letter Confirming Compliance  
*Docket UW-991501 – Quarterly Reporting to the Commission*

Dear Mr. King:

Commission Staff has reviewed the compliance filing of Pattison Water Company, Inc. (Pattison Water or company) dated January 9, 2018, consisting of its submission to the Commission quarterly reports of the separate reserve account from funds received for emergency generator surcharges. The said funds were exclusively for the purchase of emergency power improvements identified as company's capital improvements. Quarterly reports are to be filed 30 days following the last billing date of each quarter, starting with the quarter ending March 31, 2000, and continuing until notified by Commission letter to be no longer necessary.

On January 9, 2018, Pattison Water submitted its 2017 Fourth Quarterly Report for months covering October-November-December. Staff believes that the prior filings comply fully with the Commission's Order, entered on October 27, 1999, and that further quarterly reporting from company is no longer necessary.

Sincerely,

Mike Young, Section Manager  
Water and Transportation
