# **Introduction**

The intent of this training is to increase your awareness of the importance for safe treatment and inspection of Avista's Aldyl "A" gas pipe during excavation activities.

Although it is very important to handle all gas lines with extreme care, Avista would like to put a higher emphasis on the handling and care of Aldyl "A" polyethylene pipe.

**ALDYL "A" PIPE**

# Impingement

# Cover Requirements

# **Clearance Requirements**

*Foreign-12 inches*

*Water-3 feet*

*Sewer-5 feet*

*Steam-10 feet*

# **Bedding**

**Support**

# **Backfill Requirements**

# Compaction

# Controlled Density Fill (CDF)
