DOCKET: TC-143691, TC-160516	RESPONDER: Jack Roemer
REQUESTER: Shuttle Express, Inc.	TELEPHONE: (206) 233-2895

Data Request No. 9:

*Provide documents that reflect, show, or relate to a decision or practice to carry “walk-up” or not “pre-arranged” passengers or the like (by whatever terminology or nomenclature), in the market.*

RESPONSE TO DATA REQUEST NO. 9:

Objection. Overbroad, irrelevant and resolved by the Commission as a matter of law on December 14, 2015. This request is also one particularly implicated by the pending Petition for Administrative Review and is res judicata as a matter of law in the view of the Respondent and is not pertinent to any definitional parameters applicable to the requested relief.

Further Data Request No. 9:

*Must provide all documents that demonstrate how walkup service will be or is used pursuant to the business plan approved by the Commission.*

RESPONSE to Further Data Request No. 9:

Speedishuttle has a “walk-up desk” on level 3 of the parking garage at SeaTac. Other transportation providers with such facilities include Shuttle Express, Stila Limousine, Yellow Cab and Uber. Only Speedishuttle, Shuttle Express and Uber provide shared ride transportation. We were granted permission to operate the desk by the Port Authority pursuant to a month-to-month lease and an annual Operating Agreement which are provided herewith. Under the terms of the Operating Agreement we are not permitted to (and do not) solicit or “hail” customers. Approximately 11,000 of these door-to-door transfers (85%) are to the downtown area, mostly to the cruise piers and downtown hotels that are served by Shuttle Express only by route service.

**SUPPLEMENTAL RESPONSE TO DATA REQUEST NO. 9:**

Without waiving its objections Speedishuttle supplements and clarifies its previous answer as follows. Of the roughly 13,000 on demand reservations 11,000 (85%) are to the downtown area, mostly to the cruise piers and downtown hotels that are only served by route service by Shuttle Express. The time frame that was covered by the data was 6/12/2015 (the first day Speedishuttle had an on-demand reservation booked) through August 31, 2016.
