**FINDINGS AND CONCLUSIONS**

- 3     (1)   The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate rates, rules, regulations, practices, accounts, securities, and transfers of public service companies, including water companies. *RCW 80.01.040; Chapter 80.04 RCW; Chapter 80.12 RCW and Chapter 80.28 RCW.*
- 4     (2)   Meadows Water System, LLC is an investor-owned water company and is a public service company subject to the jurisdiction of the Commission.

- 5 (3) H&R Waterworks, Inc., is a Washington corporation formed to act as a utility holding company and is a public service company subject to the jurisdiction of the Commission.
- 6 (4) This matter was brought before the Commission at its regularly scheduled meeting on February 9, 2005.
- 7 (5) The companies stated the benefits of this acquisition of water company assets include local ownership. The sale to H&R Waterworks, Inc., shifts ownership to a local business organization and consolidates business interest. In addition, the current staff of Meadows Water System, LLC will continue to operate and maintain the water system(s). The current owners of Meadows Water System, LLC no longer desires to own and operate the water company. Meadows Water System, LLC notified its customers of the sale and transfer in a mailing on November 29, 2004.
- 8 (6) There is no purchase price for the water company assets as this sale and transfer is made on a merger basis in exchange for stock or membership interest. The merged assets will be owned pro-rata by the current owners of Meadows Water System, LLC and H&R Waterworks, Inc. Staff calculates the current rate base of Meadows Water System, LLC, as of September 30, 2004, to be approximately \$480,127. The combined rate base of H&R Waterworks will be approximately \$1,944,897 and serves a combined total of approximately 2,700 customers in five counties.
- 9 (7) Staff has advised H&R Waterworks, Inc., that absent a showing of commensurate benefits, acquisition adjustments are not included in rate base for inclusion in rates. Staff recommends authorization of the sale and transfer of assets from Meadows Water System, LLC to H&R Waterworks, Inc.

- 10 (8) As a result of this sale and transfer of water company assets, H&R Waterworks, Inc., will maintain Meadows Water System, LLC's water rates and charges currently in effect and will adopt the tariff of Meadows Water System, LLC.
- 11 (9) The proposed transfer and tariff adoption will have an effective date of February 10, 2005. This date is to coincide with Company's billing periods and allows a mutually agreed closing date. For accounting purposes the accounting records should be transferred and effective on January 1, 2005.
- 12 (10) In this docket, the Commission neither approves nor disapproves the reasonableness of any fees, charges, rates, purchase price, or accounting allocations involved with the proposed arrangement and reserves the right to review those fees, charges, rates, or accounting allocations in a future rate proceeding.
- 13 (11) The application meets the requirements of Chapter 80.12 RCW and the rules and regulations of the Commission adopted pursuant thereto. *Chapter 480-143 WAC.*
- 14 (12) After review of the application filed in Docket UW-042123 by Meadows Water System, LLC on December 2, 2004, and giving due consideration, the Commission finds that Application of the Sale and Transfer of water company assets by Meadows Water System, LLC to H&R Waterworks, Inc., is consistent with the public interest and should be authorized.
