Application for mitigation of penalties

Dear commission on behalf of advance relocation experts I am asking the commission to please wave this fines because business is very slow has been for a while and I personally has been working part-time for a temporary agency just to survive, on the issue of name spelt wrong I assumed that it was cheaper to just call the business licensing dept to order name change because I have every thing that has the business logo is spelt as advanced relocation exp. So it will cost me a fortune just to get all that done in this present situation, and the fact that that I have not been moving it's been a bit difficult to get it all done , but if I am given the opportunity and my fines dropped I will personally contact the business license dept and have name changed to advanced relocation experts.

On the issue of the remark section of the non binding estimate sheet I personally called and requested four moving companies estimate sheet and they do not have a clue about the remark section,i checked the standard w.u.t.c rules &guide to running a moving company and was unsuccessful. if the missing section can be highlighted by a commission officer I will make correction asap.

On the issue of the consignee not listed on the bill of lading, I usually make sure I write those, like I said earlier business has been so slow that I have not been able to focus on my business doing part-time work in this present economic situation but I promise if I get another chance I will make corrections.

On the issue about us not charging the rates and charges contained in the tariff, I want the the commission to please elaborate this because I think I have been charging as requested in the tariff .

Advance relocation experts always list the address of shipper from origin to destination if there was one that was omitted I apologies& promise to comply.
