RE: Commodity Credit Adjustment for Murrey's Disposal Co., Inc. G-9.

Dear Mr. Danner:

Attached please find revised pages for Tariff Number 25, as well as supporting documentation for the commodity credit adjustment.

The credit will decrease from \$3.39 to \$.14 per residential customer per month. The multi-family credit will decrease from \$.72 to \$.24 per yard per pickup.

Also, included is Item 260, page number 50 with a technical correction to clarify the monthly rent imbedded in the first pickup charge. I have moved the rent to the line above "Monthly Rent" and lowered the first pickup to reflect only the pickup charge. This change is revenue neutral.

If approved, by the Washington Utilities and Transportation Commission, the revised commodity credit will go into effect on November 1, 2009. The customers will receive notification of this change on the billing reflecting the change.

If you have any questions about this filing, please contact me at (253) 896-3278, or via email at irmgardw@wcnx.org.

Sincerely,

Irmgard R Wilcox
