

2/19/10

Comcast  
900 132<sup>nd</sup> St  
Everett, WA 98204

AT&T Number Administration/Code Administration;

This Letter of Intent represents a request by Comcast for 3,000 consecutive numbers for Prime SERVICE. Comcast intends to order service, in the Halls Lake rate center, on the RDMDWASYDS1 switch pending AT&T's successful completion of the required testing. Comcast intends to activate these numbers within 180 days from AT&T's receipt of the numbers.

Comcast currently has a 5-digit dial plan in place throughout WA state. In order to preserve the dial plan we are requesting the 3000 numbers in 425-NX1 code.

Comcast is a nationwide communications company currently in the process of expanding operations on the west coast as well as consolidating serving several Washington locations.

Sincerely,

  
Debbie Herrmann
