**BACKGROUND**

- 1 On May 17, 2010, Zippy Disposal Service, Inc., (Zippy or Company) filed with the Washington Utilities and Transportation Commission (Commission) revisions to its currently effective Tariff No. 15, pages 1, 25, 27 30, 37, 40 and 41 to increase rates due to a disposal fee increase. A disposal fee increase falls within the definition of a general rate increase pursuant to WAC 480-07-505.
  
- 2 WAC 480-07-520 lists the minimum required information the Company must provide in a general rate increase filing. The Company provided information pertinent to the disposal fee increase but did not provide the remainder of the information required by the rule.
  
- 3 WAC 480-07-110 allows the Commission to grant an exemption from or modify the application of its rules if consistent with the public interest, the purposes underlying regulation, and applicable statutes. *See also WAC 480-70-051.*
  
- 4 Commission Staff reviewed the tariff request together with other factors and recommended the Commission allow the tariff to become effective by operation of law, and on its own motion, grant an exemption from the rule for this filing for the following reason(s):
  - (a) Upon reviewing the last rate case documents, Staff notes no significant changes since the last rate case that became effective April 1, 2009, Docket TG-090247.

- (b) The increased disposal fees are set by Chelan County and are required as a part of Zippy's operations.
- (c) The Company's financial information supports the proposed revenue requirement and the proposed rates.
- (d) Staff concluded the proposed rate increase, by reason of the increase in disposal fees, is fair, just, and reasonable.

- 9 (5) This matter came before the Commission at its regularly scheduled meeting on June 24, 2010.
- 10 (6) After reviewing the tariff revisions Zippy filed in Docket TG-100856 on May 17, 2010, and giving due consideration, the Commission finds:
