Washington Utilities and Transportation Commission

Amended Application

To whom it may concern:

We should not be charged the penalty due to the fact that we mailed out the paperwork on 64/29/2010. We have been able to fax over all paperwork on the same day asked to prove we have mailed it out, written on the forms is the date they were mailed.

Please take our statement in consideration and revoke all penalties.

Thank you,

First USA Van Lines Lior Oren-President
