Hello TAC Members,

Here is the Draft 2011 Electric Integrated Resource Plan. We appreciate all of the time and effort that the TAC has put into the creation of this resource plan. Please email or call us with any comments, edits or questions about this draft by August 1, 2011 so that we have time to make any changes before the IRP is finalized and sent to the printer on August 8, 2011. The final IRP will be submitted to the Idaho and Washington Commissions on August 31, 2011.
