RE: Single item filing – Revenue increase via Yard waste disposal price increase to G-12 Tariff Number 4 for Rabanco LTD (dba Lynnwood Disposal, Maltby Division).

Dear Mr. King:

Enclosed please find updated tariff pages for G-12 Tariff Number 4 for Rabanco LTD (dba Lynnwood Disposal, Maltby Division). The subject of this filing is an increase in revenue directly equal to an increase in the yard waste disposal fees at the compost facility.

As stated in the original filing we have requested, pursuant to WAC 480-07-110, an exemption from the general rate case filing and workpaper requirements (per WAC 480-07-520) in order to allow Lynnwood Disposal to file a rate case seeking increase in its general rates due to the imminent increase in Cedar Grove yard waste disposal fee for all affected customers. Filed previously was the Cost of Services analysis on the impact of the proposed rates. We are asking that this change become effective on November 1, 2013.

If you have any questions please don't hesitate to contact me.

Sincerely,
