SCHEDULE 13
CONCURRENCE IN REGULATIONS AND RATES (Continued)

4. Private Line Service (Interexchange)

(C)

A. General Description

Interexchange Private Line Services (PLS) is telecommunications service between two or more termination points within the LATA where one termination point is located within the Company's local exchange area and the other termination point is located in another local exchange area. PLS is not connected to, or otherwise made available to, any local exchange switching facility.

B. Interexchange Services

1. Concurrence Statement

The Company concurs in its interstate special access service tariff for terms and conditions, together with any amendments and successive issues, for the purpose of providing interexchange private line services and channels.

This concurrence is limited to services that are at or below a speed of 44.736 Mbps. Any service requiring speeds above 44.736 Mbps will be provided on an ICB basis.

The Company hereby expressly reserves the right to cancel this statement of concurrence at any time when it appears that such cancellation is in the best interest of the company.

Requests for Private Line Services will be furnished subject to the availability of central office equipment and appropriate outside plant facilities.
