

**BEFORE THE WASHINGTON  
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of the Request of

MCIMETRO ACCESS  
TRANSMISSION SERVICES LLC  
d/b/a VERIZON ACCESS  
TRANSMISSION SERVICES

For Assignment of Telephone  
Numbering Resources

DOCKET UT-160473

ORDER 01

ORDER ASSIGNING  
NUMBERING RESOURCES

**BACKGROUND**

- 1 MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services (Verizon or Company) made a request on April 29, 2016, that the Washington Utilities and Transportation Commission (Commission) overturn the Number Pooling Administrator's decision to withhold numbering resources and direct the Number Pooling Administrator to provide a non-pooled dedicated code of 10,000 sequential numbers in the 425 Numbering Plan Area (NPA), in the Renton rate center. The request is being made to meet the requirements for a large medical center for growth, operational conversion and technology expansion. Of the numbers requested, all will be used within six months and the numbers will be monitored for activation. Any unused resources will be returned to the Number Pooling Administrator and status will be reported in the Number Resource Utilization Forecast filings, consistent with federal requirements. This request is in the public interest to support community and economic development.
- 2 Telephone companies commonly hold and manage a reasonable inventory of telephone numbers in the areas where they provide service. When more numbers are needed by a company, it may request them from the Number Pooling Administrator. The Number Pooling Administrator withholds telephone numbers if the company's inventory is sufficient for the next six months and there is a shortage of numbers in the affected area code.
- 3 The Number Pooling Administrator's Web site reports an inventory of 255 codes in the 425 NPA available for assignment in the Renton rate center. The North American Numbering Plan Administrator's (NANPA's) Web site reports that the 425 NPA is forecasted to exhaust in the first quarter of 2040. The Federal Communications Commission (FCC), in its Third Report and Order, FCC 01-362, CC Docket 96-98 and 99-200, has delegated authority to the Commission to direct NANPA to release codes of

numbers for extenuating circumstances that do not meet NANPA's existing criteria. Verizon provided the Commission with a detailed inventory of number resources and proof of utilization in the rate center. The Company will adhere to the requirement of reviewing number resources and comply with the requirements of the NANPA and the Pooling Administrator regarding the return of unused numbers.

- 4 The Federal Communications Commission issued an order establishing a "safety valve" allowing companies that do not meet the utilization threshold in a given rate center to obtain additional numbering resources apart from the general waiver process.<sup>1</sup> Specifically, the FCC granted to state Commissions the authority to direct the Number Pooling Administrator to release one code of numbers to a company to satisfy a specific customer request that cannot be met with the company's current inventory provided the company documents the customer request and submits current proof of utilization.

#### FINDINGS AND CONCLUSIONS

- 5 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, transfers of property and affiliated interests of public service companies, including telecommunications companies. RCW 80.01.040, RCW 80.04, RCW 80.08, RCW 80.12, RCW 80.16 and RCW 80.36.
- 6 (2) MCImetro Access transmission Services LLC d/b/a Verizon Access Transmission Services is a telecommunications company and a public service company subject to Commission jurisdiction.
- 7 (3) The Telecommunications Act of 1996 (the Act) allows the FCC to establish rules to implement the Act and delegate authority to state Commissions.
- 8 (4) The FCC has created a "safety valve" mechanism within the framework of number resource management and delegated to the Commission authority to grant requests by companies that receive a specific customer request for numbering resources that exceeds their available inventory. The FCC has also given states some flexibility to direct the Number Pooling Administrator to assign additional numbering resources to companies that have demonstrated a verifiable need for

<sup>1</sup> *In the Matter of Numbering Resource Optimization*, Third Report and Order and Second Order on Reconsideration, CC Docket 99-200, FCC No. 01-362, ¶¶ 57-66 (Rel. December 28, 2001).

additional numbering resources.

- 9 (5) The Commission has jurisdiction over this matter pursuant to RCW 80.36.610,  
which authorizes the Commission to take actions necessary to implement the Act.
- 10 (6) Normally, additional numbering resources are granted only when existing  
resources are forecasted to exhaust within six months.<sup>2</sup>
- 11 (7) The Number Pooling Administrator's Web site reports an inventory of 255 codes  
in the 425 NPA available for assignment in the Renton rate center, and the  
NANPA's Web site reports that the 425 NPA is forecasted to exhaust in the first  
quarter of 2040.
- 12 (8) The request is being made to meet the requirements for a large regional medical  
customer's need for enhanced technology deployment. Of the numbers requested,  
all will be used within six months. This request is in the public interest.
- 13 (9) This matter came before the Commission at its regularly scheduled meeting on  
May 12, 2016.
- 14 (10) The Commission has reviewed the request and concludes that the Company has  
demonstrated a legitimate need for numbers to meet a customer requirement.  
Accordingly, the Commission will order the Number Pooling Administrator to  
release one code of 10,000 numbers in the Renton rate center to MCI metro  
Access Transmission Services LLC dba Verizon Access Transmission Services.

## ORDER

### THE COMMISSION ORDERS:

- 15 (1) The Number Pooling Administrator to release one code of 10,000 numbers,  
specifically in the 425 NPA, Renton rate center, for MCI metro Access  
Transmission Services LLC d/b/a Verizon dba Verizon.
- 16 (2) The Commission retains jurisdiction over this matter to take such future actions as  
may be appropriate.

<sup>2</sup> 47 CFR 52.15(g)(3)(iii).

The Commissioners, having determined this Order to be consistent with the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective May 12, 2016.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

STEVEN V. KING, Executive Director and Secretary

**NOTICE:** This is an order delegated to the Secretary for decision. In addition to serving you a copy of the decision, the Commission will post on its Internet Web site for at least 14 days a listing of all matters delegated to the Secretary for decision. You may seek Commission review of this decision. You must file a request for Commission review of this order no later than fourteen (14) days after the date the decision is posted on the Commission's Web site. The Commission will schedule your request for review for consideration at a regularly scheduled open meeting. The Commission will notify you of the time and place of the open meeting at which the Commission will review the order.

The Commission will grant a late-filed request for review only on a showing of good cause, including a satisfactory explanation of why the person did not timely file the request. A form for late-filed requests is available on the Commission's Web site.

This notice and review process is pursuant to the provisions of RCW 80.01.030 and WAC 480-07-904(2) and (3).
