Re: General Fare Increase – Docket TE-161196

Dear Mr, Wyles:

On November 10, 2016, BML Investments, LLC (BML), filed with the Washington Utilities and Transportation Commission (commission) a general rate increase filing. This filing was docketed under Docket TE-161196.

The filing did not include information required by WAC 480-30-426, *Tariffs, general rate increase filings, work papers*. Specifically, the filing did not include a detailed pro forma income statement by account and associated revenues, restating or pro forma adjustments and their supporting calculations, a passenger count for the appropriate 12-month test year, current depreciation schedule, or any backup information for affiliate transactions between the regulated company and any affiliate, parent, or subsidiary entity.

Also, as required by WAC 480-30-316, BML must include a copy of its proposed customer notice for review by the commission.

Under WAC 480-07-141, the commission may reject a filing if it is insufficient or defective. Therefore, BML's request filed on November 10, 2016, is rejected in its entirety.
