Re: Charter Bus Services

Dear Mr. Sharpe:

The Washington Utilities and Transportation Commission (Commission) believes that you are engaged in passenger transportation services that may require a certificate of authority from the Commission. The purpose of this letter is to learn more about the transportation services your company offers and to provide technical assistance with regard to Washington's passenger transportation licensing requirements.

One or more of the vehicles depicted on your company website are charter carrier vehicles as defined in WAC 480-30-036 which requires a certificate of authority from the Commission. Advertising and/or providing these services without the required certificate is illegal, is considered a gross misdemeanor, and is punishable as such (see RCW 81.70.220 and WAC 480-30-246).

To avoid enforcement action by the Commission, no later than Feb. 9, 2018, please either:

- Submit a completed application, file proof of insurance and include the application fee. For questions about the application process, please contact our Licensing Services staff at (360) 664-1222.

OR

- Explain in writing why you believe your business does not require passenger transportation authority from the Commission. Please explain the nature of your company's operations in detail. Direct your written response to Mr. Brian Braun, Compliance Investigator, Consumer Protection at PO Box 47250, Olympia, WA 98504-7250 or by email at brian.braun@utc.wa.gov

If you have further questions or comments about our findings, Mr. Braun may also be reached at (360) 664-1129.

Sincerely,

Mike Turcott
