1. Describe the services you wish to provide. Explain how your services will enhance customer choice, promote competition, or fill an unmet need for service: _____

Dolly is an app-based marketplace which connects consumers and businesses that have local goods transportation needs with local truck owners (called "Helpers") who want to do the transportation for them. Dolly enables people to get help with on-demand, micro-move tasks that existing household goods carriers don't service thereby expanding the range of services available to WA state residents. In addition, there's only one other similar service operating in WA state (Lugg.com) so Dolly would be increasing competition for such services.

2. Briefly describe your experience in the transportation/household goods moving industry: _____

Dolly has been providing this service in 6 other markets, some for as long as 3 years.
