RE: Pullman Disposal Service, Inc., G-42, Commodity Credit Revision Filing

Dear Secretary:

We are filing proposed revised tariff, Pages No. 2 Check Sheet, No. 25 Item 100-Residential Service-Monthly Rates and No. 33 Item 105-Multi-Family Service-Monthly Rates for Tariff No.17 on behalf of Pullman Disposal Service, Inc., G-42. Due to the volatility in the recycling commodity markets we may now request a waiver from WAC 480-70-351(2). The calculation used the most recent 6-month historical period to estimate the recycling commodity revenue and commodity credit for the next six months.

This filing proposes a residential recycling commodity adjustment \$1.59 per single family residential customer and proportionate multi-family adjustments ranging from \$2.38 to \$13.77 for multi-family customers with multiple containers. The Company has not previously filed a commodity credit adjustment.

The Company will notify the customers thirty days in advance of the filings effective date and have included the customer letter for approval.

We are requesting the proposed effective date for the tariff revisions to be October 1, 2018.

Enclosed for staff review are the accounting work papers for this filing and pricing support.

My authority to file on behalf of Pullman Disposal Service is included with this submission.
