RE: Actual Results for the Quarter Ended December 31, 2018

In compliance with WAC 480-100-275, Pacific Power & Light Company (Pacific Power), a division of PacifiCorp, submits for filing the actual results for Washington operations for the quarter ended December 31, 2018. These results are based on unadjusted data and do not reflect normalized results or other standard ratemaking adjustments. The quarterly results of operations were determined using the West Control Area inter-jurisdictional allocation methodology. In Docket UE-170910, Order 01, the Company was granted a 30-day extension of time to file these reports, which changed the due date from 60 to 90 days following the end of each quarter through the quarter ending October 1, 2022.

In compliance with Order 15 in Docket UE-152253, included with this report is a quarterly report of the decoupling deferral amounts for the period beginning October 1, 2018, through December 31, 2018.

The company is also enclosing its Average Customer Count and kWh data for its Washington jurisdiction for the quarter ended December 31, 2018.
