

To whom it may concern:

Since failing my investigation, I have made it my top priority to become compliant and I have done so. I have corrected all of my violations & I would like that to be considered in regards to the \$9,100.00 penalty. Paying the penalty in full would also create a great financial hardship for my moving company, my family & employees. For the above reasons I am requesting a hearing to mitigate my penalty amount.

Warm regards,

Deavondia Taylor
