I would like to recommend that Floridalia Gutierrez and Leticia N. McCreay be allowed to receive the certification necessary with Washington Utilities & Transportation Commission.

Floridalia & Leticia are great contributing members of the community. They are amazing people and I have personally witnessed the two of them give to the community by volunteering their time to help people pack, move and unpack

I know they will do well in the truck moving business and they will bring honor to the moving industry.

Sincerely
