Re: Blue Rock Water Company LLC – First Revised Sheet No. 16  
Canceling Original Sheet No. 16; First Revised Sheet No. 23 Canceling  
Original Sheet No. 23

Dear Ms. Maxwell,

Attached you will find the above-referenced tariff pages. The purpose of this filing is to add water leak procedures and a pass-through water system facilities charges for the Suddenview Water System (DOH ID# 12451F) and Lower Water System (DOH ID# 019595). Attached is a notice sent to customers. The company is providing the required thirty (30) day notice.

This filing will not generate additional revenue for the company; therefore the company is not submitting depreciation schedules, proforma adjustments and other materials, excluding those referenced in the letter, as required by WAC 480-07-530 and requests a waiver of that rule to the extent necessary.

The proposed leak procedures will allow the company to reduce a customer's water use fee for high-use caused by leak once in a twenty-four (24) month period upon presentation of sufficient evidence that the leak has been repaired. The attached Revised Sheet No. 16 provides the water use fee reduction period and calculation methodology.

The proposed water system facilities charge is a pure pass through of fees charged by Clallam County and Snohomish County PUDs for new connections that have not paid general facilities charges assessed by these utilities. The company attached copies of current water supply contracts that detail the pass through nature of the fees the company will collect and pay to Clallam County and Snohomish County PUD. These fees are subject to annual review and revision.

Mr. Jason Dorland has the authority to issue tariff pages on behalf of the company and the undersigned has the authority to file those tariff pages on behalf of the company.
