Re: Lack of access to company records

Jakub Raich,

I have provided you with multiple opportunities to cooperate with me as I attempt to conduct your company's safety fitness evaluation. I requested information from my first email dated March 7, 2022. Most recently, on March 15, 2022, you indicated that you were in the process of dissolving your company. I provided you with a permit cancellation form and as of today, March 24, 2022, have not received it. As the investigative process cannot continue without a response from you, I am now requesting that either the permit cancellation form be completed and returned, or the questionnaire be completed and returned by 5:00pm on Friday afternoon, March 25, 2022.

Your lack of cooperation in providing requested information and lack of response to my attempts to reach you, leads me to the determination that you are denying access to UTC staff, hindering the commission to perform its regulatory function. Please be aware that doing so may result in the UTC cancelling your permit for good cause per [WAC 480-15-450](#).

If I do not receive word from you, I will have no choice but to close out your company's safety fitness evaluation as is and proceed with a Denial of Access recommendation.

Sincerely,

A handwritten signature in black ink that reads "Francine Gagne".
