For an Order Establishing Compliance with

DOCKET UE-230545

ORDER 01

ESTABLISHING COMPLIANCE  
WITH RCW 80.08.040, SECURITIES

**BACKGROUND**

- 1 On June 30, 2023, Avista Corporation d/b/a Avista Utilities (Avista or Company) filed with the Washington Utilities and Transportation Commission (Commission) a statement of a planned securities issuance and application for an order affirming compliance with RCW 80.08.040 (Application). In its Application, Avista proposes to issue and sell up to 4,000,000 shares of Common Stock through its Periodic Offering Program. The requested authority is in addition to the authority previously granted by the Commission for the issuance and sale of Common Stock in Order 01, entered April 14, 2022, in Docket U-220184, under which 844,787 shares remain authorized but unissued, for a total of 4,844,787 shares.
- 2 Avista filed with its Application: (1) a certification by an authorized officer that the proceeds will be used for one or more purposes allowed by RCW 80.08.030; (2) a description of the proposed issuance, including the terms of financing; and (3) a statement as to why the proposed sale of securities is in the public interest.
- 3 The Company contends that the issuance is in the public interest because, among other things, the proceeds will be used to finance the cost of acquiring, constructing, improving, and maintaining its facilities as an electric and gas utility.

4 Commission staff (Staff) reviewed the Company's Application and determined that it meets the requirements set out in RCW 80.08.040. Accordingly, Staff recommends the Commission grant the Company's Application and issues an order finding that the Company has complied with RCW 80.08.040.

### DISCUSSION

5 We grant Avista's Application for an order finding that its planned securities issuance complies with RCW 80.08.040. The statute requires that a regulated utility, prior to issuing a security, must file with the Commission:

- (1) A description of the purposes for which the issuance is made, including a certification by an officer authorized to do so, that the proceeds from any such financing is for one or more of the purposes allowed by RCW 80.08.030;<sup>1</sup>
- (2) A description of the proposed issuance, including the terms of financing; and
- (3) A statement as to why the transaction is in the public interest.

6 RCW 80.08.040 further provides that any utility that makes such a filing may request the Commission to enter a written order establishing that the utility has complied with the requirements set out above. The statute requires the Commission to enter such an order when the utility has provided all information and statements as required.

7 We find that Avista has satisfied the statutory requirements. The Company's planned securities issuance includes a description of the purposes for which the issuance is made, including a certification by an authorized officer that the proceeds will be used for one or more purposes allowed by RCW 80.08.030; a description of the proposed issuance, including the terms of financing; and a statement as to why the proposed sale of securities is in the public interest. Accordingly, we grant the Company's Application.

<sup>1</sup> RCW 80.08.030 provides that a public service company may issue stock for a limited number of purposes, including the construction, completion, extension, or improvement of its facilities, or the improvement or maintenance of its service.

### FINDINGS AND CONCLUSIONS

- 8 (1) The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, and transfers of property and affiliated interests of public service companies, including electric companies.
- 9 (2) Avista is engaged in the business of providing electric service within the state of Washington. As a public service company, it is subject to Commission jurisdiction.
- 10 (3) On June 30, 2023, Avista filed with the Commission a statement of a planned securities issuance and Application for an order affirming compliance with RCW 80.08.040. The Application includes: (1) a certification by an authorized officer that the proceeds will be used for one or more purposes allowed by RCW 80.08.030; (2) a description of the proposed issuance, including the terms of financing, and (3) a statement as to why the proposed sale of securities is in the public interest, consistent with the requirements set out in RCW 80.08.040.
- 11 (4) After reviewing the information and Application Avista filed in Docket UE-230545 on June 30, 2023, and giving due consideration, the Commission finds that Avista's Application meets the requirements of RCW 80.08.040.
