**YOU MUST RESPOND WITHIN 15 DAYS OF THIS NOTICE**

The Washington Utilities and Transportation Commission (Commission) believes that Sum Light Construction, LLC (Sum Light or Company) violated Revised Code of Washington (RCW) RCW 19.122.040(2)(e) for failing to use reasonable care when directional boring by not potholing and physically locating the gas facility.

On December 18, 2025, Commission staff (Staff) received complaint #32 filed by NW Natural Gas (NWN or Complainant) alleging Sum Light violated RCW 19.122.040(2)(e).

RCW 19.122.040(2)(e), which states, in part, that an excavator shall use reasonable care when directional boring will be implemented as a method of underground excavation, supplement white lining with physical exposure to avoid blind boring.

RCW 19.122.055(3) states, in part, that excavators who violate any provision of this chapter, but does not cause damage to an underground gas facility are subject to a civil penalty of not more than \$5,000 for each violation.

Staff conducted an investigation that included reviewing the complaint, photographs, One Call Center database, and email communication with the Company and the Complainant. The investigation identified a natural gas event that involved Sum Light Construction.

The Commission reviewed findings and recommendations made by Staff and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

1. **Alleged Violation:**

On November 14, 2025, Sum Light was excavating at 1600 Southeast Solomon Loop, Vancouver, Washington. The complaint submitted by NWN on December 18, 2025, indicated that Sum Light was excavating and failed to pothole in order to physically expose the 1/2" Polyethelene (PE) gas line before placing anchors for directional drilling.

2. **Analysis:**

The alleged violation concerns RCW 19.122.040(2)(e), which states, in part, that an excavator shall use reasonable care when directional boring will be implemented as a method of underground excavation, supplement white lining with physical exposure to avoid blind boring.

On December 30, 2025, NWN responded to Staff's request for information. NWN explained that Sum Light Construction was performing directional drilling and installing anchors for its directional drill 18" deep within the tolerance zone of a 1/2" PE gas service line, without first potholing the gas facility. NWN provided photographs documenting the locates placed on the ground, and the location of the anchors. The photographs do not show that the PE gas facility was physically exposed.

On January 5, 2026, Sum Light responded to Staff and explained that one of the operators was setting the drill down and hydro-excavating (hydrovac) the gas line, which was 5 feet away from where the anchors were being set. A NWN employee stopped by the site, saw that the Company had hydro excavated closer to the anchors, and filed a report. Sum Light noted that the anchor was about a foot away from the locate, but NWN advised it was still too close.

Staff conducted a search of the Washington One Call Center database and confirmed that the Company had a valid locate ticket (#25474580) for the excavation performed on November 14, 2025, at 1600 Southeast Solomon Loop, Vancouver, Washington.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**

This incident could have been significantly more harmful to Company workers, utility technicians, nearby homeowners, and the public, and it could have resulted in severe injury and loss of property.

2. **Whether the violation is intentional.**

This violation appears to be due to negligence by Sum Light rather than a lack of knowledge regarding Washington State's dig law. Since January 20, 2025, Sum Light has submitted 184 requests to locate underground facilities in Washington. This demonstrates the Companies knowledge of the requirements and its responsibility to comply with the Dig Law.

3. **Whether the company self-reported the violation.**

Sum Light was not required to self-report the violation as no damage occurred. The Commission became aware of the violation when NWN filed a complaint with the Commission. Pursuant to RCW 19.122.053(1), only damage events must be reported to the Commission.

4. **The likelihood of recurrence.**

The likelihood of recurrence depends on the Company's actions going forward and its willingness to comply the Washington State's Dig Law.

The Commission has considered these factors and determined that it should penalize Sum Light Construction, LLC as follows:

- \$1,000 penalty for one violation of RCW 19.122.040(2)(e) with an offer to suspend an \$800 portion of the penalty for 90 days, and then waive it, subject to the conditions that:
  - 1) Company management and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 90 days of this Penalty Assessment; and
  - 2) The Company must submit documentation of training completion to the Commission.

Further violation of RCW 19.122 will result in progressive penalty assessment up to maximum allowable by law.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

**You must act within 15 days after receiving this Penalty Assessment** to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Pay \$200 and notify the Commission that you accept the offer to suspend an \$800 portion of the penalty amount for 90 days, and then waive it, subject to the following conditions:
  - Company management and field crew responsible for excavation must complete NUCA Dig Safe Training (<https://utc-9183.quickbase.com/db/bpkt6vndh>) within 90 days of service of this Penalty Assessment; and
  - The Company must submit documentation of training completion (Certificate) to the Commission. (See attached **NUCA Dig Safe Training Verification Record**); or
- Contest the occurrence of the violation; or

- Admit the violation but request mitigation of the penalty amount.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> **within FIFTEEN (15) days** after you receive this Penalty Assessment. If you are unable to use the web portal, you may submit it via email to [records@utc.wa.gov](mailto:records@utc.wa.gov). If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, PO Box 47250, Olympia, Washington 98504-7250.

If you wish to make your payment online, please use this link: [Make a Payment Now \(wa.gov\)](#).<sup>1</sup>

**If you do not act within 15 days**, the Commission may refer this matter to the Office of the Attorney General for collection.

DATED at Lacey, Washington, and effective February 2, 2026.

/s/Connor Thompson  
CONNOR THOMPSON  
Director, Administrative Law Division

**WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**  
PENALTY ASSESSMENT DG-260029 Investigation # 9255

**PLEASE NOTE:** You must complete and sign this document and send it to the Commission within 15 days after you receive the Penalty Assessment. Use additional paper if needed.

I have read and understand RCW 9A.72.020 (printed below), which states that making false statements under oath is a class B felony. I am over the age of 18, competent to testify to the matters set forth below and I have personal knowledge of those matters. I hereby make, under oath, the following statements:

- [ ] 1. **Payment of penalty.** I admit that the violation occurred:  
[ ] Enclose \$1,000 in payment of the penalty.  
OR [ ] Attest that I have paid the penalty in full through the Commission's payment portal.
- [ ] 2. **Accept conditions.** I admit that the violation occurred and enclose \$200 toward the payment of the penalty. I also accept the Commission's offer to suspend for 90 days, and ultimately waive, the remaining \$800 penalty amount subject to the following conditions:
- o Company management and field crew responsible for excavation at the time of the incident, must complete NUCA Dig Safe training (<https://utc-9183.quickbase.com/db/bpkt6vndh>) within 90 days of service of this Penalty Assessment; and
  - o The Company must submit documentation of training completion (Certificate) to the Commission. (See attached **NUCA Dig Safe Training Verification Record**).
- [ ] 3. **Contest the violation.** I believe that the alleged violation did not occur for the reasons I describe below (**if you do not include reasons supporting your contest here, your request will be denied**):
- [ ] a) I ask for a hearing to present evidence on the information I provide above to an administrative law judge for a decision.
- OR [ ] b) I ask for a Commission decision based solely on the information I provide above.
- [ ] 4. **Request mitigation.** I admit the violation, but I believe that the penalty should be reduced for the reasons set out below (**if you do not include reasons supporting your application here, your request will be denied**):
- [ ] a) I ask for a hearing to present evidence on the information I provide above to an administrative law judge for a decision.

OR [ ] b) I ask for a Commission decision based solely on the information I provide above.

I declare under penalty of perjury under the laws of the state of Washington that the foregoing, including information I have presented on any attachments, is true and correct.

RCW 9A.72.020 “Perjury in the first degree.”

- (1) A person is guilty of perjury in the first degree if in any official proceeding he or she makes a materially false statement which he or she knows to be false under an oath required or authorized by law.
- (2) Knowledge of the materiality of the statement is not an element of this crime, and the actor's mistaken belief that his or her statement was not material is not a defense to a prosecution under this section.
- (3) Perjury in the first degree is a class B felony.
