UTC Commissioners/Staff~

WAC 430-30-XXX will have a significant impact if another Certificate is granted in the same territory. When the Certificate was granted to Centralia Sea-Tac Airport Express it immediately reduced our revenue 10 percent and over a decade and a half impacted revenue approximately 25 percent.

WAC 430-30-YYY will reduce the expenses related to the substantial time required to prepare a rate case and lost revenue during the preparation, processing and implementation of changed fares.
