**Subject:** RE: Gasco OU: 2021 Hydraulic Control and Containment System Annual Report

Wes,

Attached please find NW Natural's responses to DEQ's October 10, 2022 comments on the *2021 Hydraulic Control and Containment System Annual Report*. NW Natural requests DEQ's approval to not resubmit the 2021 report and for DEQ's comments to be addressed in the next report that summarizes the HC&C system operation through 2022.

Please let us know if you would like to hold a call to discuss the response to comments matrix. Please feel free to contact Rob or Halah with any questions.

Bob,

DEQ reviewed the 2021 HC&C System Annual Report for the Gasco OU dated August 19, 2022. The Annual Report summarizes operation, maintenance, and performance of the HC&C system, which operates as a groundwater source control measure for the Alluvium WBZs. The attached letter contains our comments on the Annual Report. Please revise and resubmit the Annual Report according to our comments.

Let me know if you or your team would like to discuss these comments further.

Thanks,

Wes
