**Re: U-200281: Updated Response to Commission Request for COVID-19 related data pursuant to Order 01**

Dear Mr. Johnson:

Attached please find PSE’s updated responses to the UTC Staff Proposed COVID-19 Response Term Sheet (Term Sheet), approved by the Commission in Order 01 of Docket U-200281 on October 20, 2020. At the time of its December 1, 2020 filing, PSE was unable to provide data items #6a and #6d. PSE has investigated and resolved these issues.

A summary of the updates to the attached response follows:

Number	Question	Data Comments
6a)	Number of customers by customer class with required deposits at the beginning of each month	PSE can now pull this data (previously missing from its December 1, 2020 submission).
6b)	Number of customers by customer class required to submit new or increased deposits each month	PSE initially submitted data that was pulled from a source which contained actual security deposits along with security deposits that were calculated but never charged (meaning they were waived prior to ever being assessed). This has been fixed using a corrected data source. The corrected data is incorporated into the attached report.
6c)	Number of customers by customer class whose deposits were reduced in part or foregone each month	Data remains unchanged from original submission.
6d)	Number of customers by customer class whose deposits were returned in full each month	PSE can now pull this data (previously missing from its December 1, 2020 submission).
