Re: DOCKET NO. UT-061443, IN THE MATTER OF THE PETITION OF ESCHELON TELECOM OF WASHINGTON, INC. FOR APPROVAL OF AN ALTERNATIVE MEASUREMENT OF SERVICE QUALITY REPORTING PURSUANT TO WAC 480-120-439(12) – **June 2008 Report**

Dear Ms. Washburn:

Enclosed for filing with the Washington Utilities and Transportation Commission is the monthly service quality report of Eschelon Telecom, Inc.'s Washington affiliates in accordance with WAC 480-120-439 and Order 01 in Docket UT-061443 for the month of **June 2008** (due May 30 and June 30 respectively).

Eschelon Telecom, Inc. and its subsidiaries, including the Washington subsidiaries, were acquired by Integra Telecom Holdings, Inc. on August 31, 2007. Through this acquisition, Integra Telecom of Washington, Inc. (Integra) may have reached the threshold at which it too must report service quality statistics as a Class A provider. Integra has filed a petition for approval of alternative measurements and reporting, Docket No. UT-080864.

Many of the Integra and Eschelon operations have now been integrated and we are no longer able to identify Eschelon-specific commitments and appointments. Thus, the statistics presented in the June 2008 report under Subparts (3) and (4) also include Integra commitments and appointments. I apologize for the delay in the submission of these reports while the companies transitioned these reporting responsibilities.

Should Commission Staff have any questions or concerns, please contact me directly.

Sincerely,

Cathy Murray  
Eschelon Telecom, Inc.
