*Re: Avista's Proposed Training for Washington City, County, and State Workers per UTC - Avista Settlement Agreement, PG-082253*

Dear Mr. Lykken:

As per the above referenced settlement agreement, please review the draft materials prepared by Avista's training staff for training of city, county, and state personnel responsible for excavations in the vicinity of Aldyl A pipe that are included with this email. Avista is submitting these for review per the agreement 30 days prior to conducting the training. The materials include a brochure and 2 PowerPoint presentations.

Please provide feedback, including changes, to us by June 28 if possible, so that Avista's training staff has the required time needed to finish publishing the material for the training sessions.

If you have any questions, please contact Mike Faulkenberry at (509) 495-8499 or me at (509) 495-2760 for more information.

Respectfully,

A handwritten signature in black ink, appearing to read "Jody Morehouse", written in a cursive style.
