RE: *In the Matter of the Application of Pattison Water Company, Inc. for an Order Approving Tariff Revisions*, Docket UW-991501

TO ALL PARTIES:

On October 27, 1999, the Washington Utilities and Transportation Commission (Commission) entered Order 01, Order Approving Tariff Revisions (Order 01) in this docket. Order 01, among other things, established a separate reserve account exclusively for the purpose of making emergency response equipment improvements, and required Pattison Water Company, Inc. (Pattison or Company) to file quarterly reports on the reserve account 30 days following the last billing date of each quarter, starting with the quarter ended March 31, 2000, and continuing until notified otherwise.

Pattison has filed quarterly statements from January 13, 2000, through January 9, 2018.

On March 20, 2018, Commission staff (Staff) filed a letter informing the Commission that Staff had reviewed the most recent filing, and believes that it and all prior filings comply fully with Order 01. Staff further states that it believes that further quarterly reporting from the Company is no longer necessary.

The Commission accepts the reports filed through January 9, 2018, as in compliance with Order 01. The Commission relieves Pattison Water Company, Inc. from the quarterly reporting requirement in this docket.
