Re: Docket No. UT-063055
Request for Approval of Amendment to the Interconnection Agreement
between Qwest Corporation and MCImetro Access Transmission Services
LLC, dba Verizon Access Transmission Services

Dear Ms. Washburn:

In accordance with WAC 480-07-640 and Section 252 of the Telecommunications Act, please find enclosed an original and two (2) copies of the Letter Agreement Amendment to the Interconnection Agreement between Qwest Corporation and MCImetro Access Transmission Services, LLC dba Verizon Access Transmission Services for the State of Washington ("MCImetro").

Qwest Corporation and MCImetro have entered into a letter agreement to memorialize a process for decommissioning a limited number of collocation sites that Qwest records indicate may have equipment connected to customer circuits. The Parties disagree about the process for decommissioning such collocation spaces. Therefore, in order to avoid a prolonged dispute about whether the parties' ICAs permit Qwest to deny MCImetro's requests to decommission these sites, the parties have entered into a letter agreement setting forth the process and risk allocation for decommissioning the collocation Sites in question.

Qwest has also enclosed a Request for Approval form, completed per the informal request of Commission Staff on May 12, 2004. The enclosed Amendment does not discriminate against non-party carriers. It is consistent with state and federal law, and is in the public interest.

Qwest respectfully requests that the Commission approve this Amendment expeditiously.

Sincerely,

Maura E. Peterson
